LeeAnn Lenhart resigned from the Region 7 position on the Growth & Development committee. The PC will work to find a replacement to fill this role.

### 4. Spring Regional Training Camps for National Team

Although there was interest for national team training camps this spring, the late announcement and change of dates is proving a challenge. Therefore, there will NOT be national team training camp hosted in spring of 2019.

The PC agrees that training camps are a vital part of our elite athlete development and priority will continue to be placed on scheduling, planning and hosting training camps for our national team pair/groups and their coaches. There is a training camp on the calendar for fall 2019 and expect there to be training camp(s) added for spring 2020, as well.

### 5. Proposal from the NJOC for 2021 JO Code of Points

The National JO Committee has put forward a proposal for changes to elements to be included in the 2021 JO Code of Points. The PC will review this proposal over our next series of meetings.

### 6. Judging Invitations for USA Gymnastics Championships

Holly has extended initial invitations to qualified neutral judges to judge at the 2019 USA Gymnastics Championships in July. Based on event needs, consideration for additional judges is ongoing.
