Clarifications:

- For M4 and Mx4 in compulsory dynamic skills, if the skill does not require all partners to be involved in the skill, the "tourist" (non-participating base) is allowed not to

participate in the skill in order to receive credit. Any optional skill chosen for the FIG Table of Difficulty must follow FIG rule 22.6.

- A **-1.0 Special Requirement Deduction** for not completing all SRs will only be applied if **NO attempt** is made to execute the skill. Athletes must make an effort to complete the skill; if the skill is not completed, a **-1.0 deduction** will be given for the missing skill, along with any applicable deductions for short holds or execution errors. However, if any attempt was made to complete the skill, no additional **-1.0 SR deduction** will be applied. The goal of this SR deduction is to encourage athletes to fulfill all requirements, ensuring no partner skills or individual skills are left out.
