- I. Junior International Assignment Procedures for 2024 Competitions
 - a. Level 10 National Team Process

The Committee discussed the process last year, and, with in-put from the JNT coaches how the process could be improved. The coaches and the committee felt the video submission process was overly tedious. This year's process will use scores from 2023 USA Championships (2 days), ETC (or Winter Cup), and Winter Cup Finals as four data sets. From these sets the best event score will be extracted to complete one, full all-around score that will be used in determining assignments. Athletes will need a minimum of one data set to participate in the process, so those without any of the mentioned scores will submit one, full competition video to be used as their data set.

Motion: To approve the International Meet Selection Procedure for 2024 as outlined in the document titled "L10 Instruction Sheet: Junior National Team Selection Process for 2024 International Meets" (Attachment A)

Motion: Raj Bhavsar
Second: Amanda Stroud
Passed: 5-0

- b. Level 8/9 National Team Process

There are Level 8 and 9 National Team Members who do not have a major competition from which to pull scores for selections since the past Dev Nationals in May of 2023. The committee felt this gap was too long for accurate selection. Video submission for these ages makes the most sense. The committee discussed how many videos should be evaluated. It was decided to have the L8 and 9

athletes submit one full domestic competition video and allow any L9 JNT athlete who makes their region's ETC team to earn Data Set 2 and 3. The full process is written in the Instruction Sheet.

Motion: To approve the International Meet Selection Procedure for Level 8/9 National Team Members as outlined in the document titled "L8 & 9 Instruction Sheet: Junior National Team Selection Process 2024 International Meets" (Attachment B)

Motion: Bob Lundy
Second Glenn Morris
Passed: 5-0

Meeting adjourned by Chair, Amanda Stroud at 1:07pm central time
