The purpose of this meeting is for USA Gymnastics Staff to familiarize the selection committee with the 2025 international assignments that will need to be assigned.

The committee discussed the possible selection criteria for the meets including: how the meets aligned with the domestic calendar, high performance goals and priority, possible competition data to be collected, and makeup of the teams to maximize success and experience.

The competition of highest priority in 2025 is the Junior World Championships, but currently there is no confirmed date or location for this competition. There is uncertainty that this competition will take place.

No procedures were finalized at this point. The group will come together in the coming weeks to create a more formal process for selection and assignment to the 2025 international events.
