2023 Women's Development Program of the Year

**Congratulations**

**World Class  
Gymnastics**

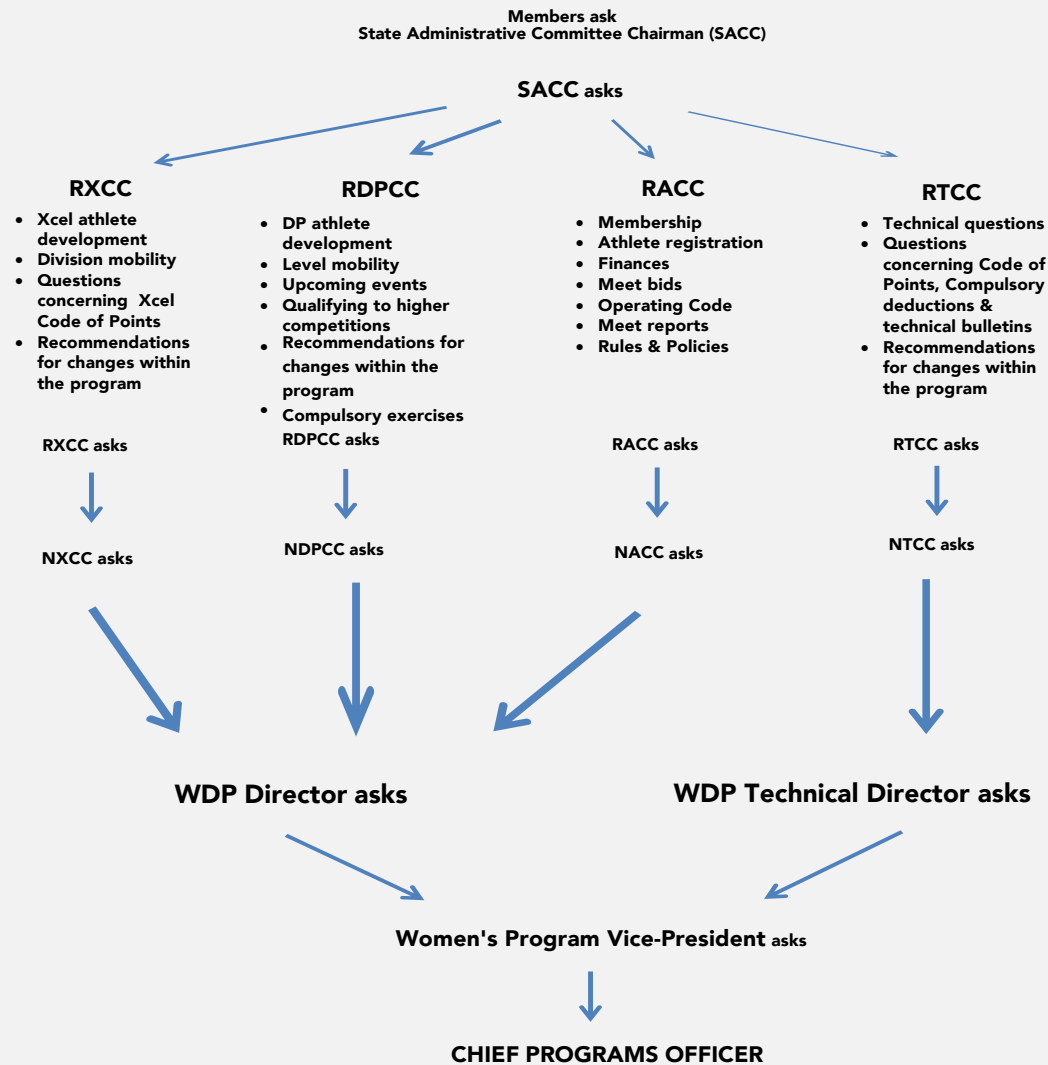

The Women's Program is composed of the Women's Program Committee (WPC) and its sub-committees. These sub-committees are charged with specific Women's programs and are as follows: Administrative Committee (AC), Development Program Committee (DPC), International Elite Committee (IEC), Technical Committee (TC), and Xcel Committee (XC).

## "Women's Program HOT LINE"

Should questions arise, members should seek answers by following the "Chain of Command" described below:

INTERPRETATION OF THE *RULES & POLICIES* IS THE RESPONSIBILITY OF THE  
WOMEN'S PROGRAM COMMITTEE & THE PRESIDENT OF USA GYMNASTICS

# **PHILOSOPHY OF THE PROGRAM**

**The Women's Development Program was created with the belief that all athletes, regardless of their potential, must have a solid foundation of basic skills in order to advance safely. The program allows the gymnast to advance at her own pace, competing in more than one level in a year, if she so chooses.**

# What does this mean?

- **This program is a linear structure and is meant to provide for strong skill development and MASTERY at each level.**
- **This program will provide a strong foundation for moving successfully through the levels.**

# The DEDUCTIONS are created to...

**Provide a standard by which all judges across the country can apply the rules set forth in each level to provide consistency when competing.**

**Provide tools to be able to separate the best of the best while keeping in mind the philosophy of an equal playing field...i.e composition**

# The RULES...

**Must be made for the masses, not for any individual state or region. These rules have to govern 51 states and allow for a fair playing field across the entire United States.**

**Are not meant to cater to the “TOP” clubs, rather to provide a standardization for all clubs wanting to offer and train gymnasts at a given level.**

# COMMITTEE MEETING MINUTES

**ALL INFORMATION CONTAINED IN THIS PRESENTATION IS NOW "OFFICIAL" AS ALL COMMITTEE MEETING MINUTES HAVE BEEN APPROVED AND POSTED ON THE WEBSITE.**

**The following clarifications and  
recommendations for change are to be  
effective for the  
2023-2024 season, scheduled to begin  
August 1, 2023.**
