2026 NATIONAL QUALIFER COMPETITION GENERAL AND TECHNICAL INFORMATION

Update: December 2, 2025

- D. Supplemental Matting
- a. Vault
 - i. A sting mat is allowed to be placed on top of the 10 cm landing mat.
 - b. Bars
 - i. Senior, Junior International, and Hopes Level athletes may use a skill cushion (maximum thickness of 8"/20 cm) in addition to the 20 cm (-2 cm tolerance) competition landing mat for release elements. Matting must be removed after the release move.
 - ii. Senior, Junior International, and Hopes Level athletes may place a manufactured sting or 10 cm mat under the bars during competition in addition to the 20 cm base mat. This matting cannot be moved or placed on top of the 10 cm landing mat.
 - c. Floor
 - i. Up to two of either manufactured sting mats or 10 cm mats are allowed to be placed separately on the Floor Exercise area. Whenever additional matting is placed on the Floor Exercise area and covers any portion of the boundary line(s), the mat must be clearly marked with tape or chalk to indicate the actual boundary line(s). Mats can be removed or left in place. **Note:** Floor matting must be placed prior to the floor routine starting. A mat cannot be added once the routine has started.
- E. Manufactured 100 x 120 cm Round Off Entry mats are required for use in front of the vaulting board for hand placement on Round off entry vaults.
- F. Uneven Bars heights may not be raised above or lowered from FIG specifications. The spread of the uneven bars should be 180 cm, +/- 1 cm. Bars will be marked and a 0.50 deduction will be taken for any gymnast working beyond specifications.
- a. Bar height increases are allowed in the following case in line with FIG rules:
 - i. Height increases of 5 cm shall be allowed in competitions for gymnasts who touch the mat with their feet during the exercise. This must be announced to the organizers at the time of the entry and verified by the designated judge (Meet referee) during the training/warm-up. Equipment suppliers/organizers must provide trained staff for a safe, fast, and competent height increment if necessary.
 - ii. At the increased height, the inner diagonal distance between the bars shall not be more than 182 cm max, +/- 1.0 cm.
- G. For Hopes 13-14, Junior, and Senior level athletes, there will be two springboard configurations used at Vault – AAI six springs (3-1-2) and AAI eight springs (3-3-2) or Spieth five springs (2-1-2) and Spieth eight springs (3-3-2). Beam and Bars will use only one board (soft). Springs may not be moved or replaced.
- H. For the Hopes 11-12 year-old athletes, the following springboard configurations may be used at Vault. AAI five springs (2-1-2), AAI six springs (3-1-2), and AAI eight springs (3-3-2). Spieth four springs (2-2) and five springs (2-1-2), and Spieth eight springs (3-3-2). For bars and beam boards, you may remove springs to adjust to the Hopes athlete. You must return the spring as soon as your athlete is finished with that event.
